

President of the United States' Private Secretary.

Cured by the Use of the Greatest of Remedies,
Dr. Greene's Nervura.

Washington's Superintendent of Police, Major W. G. Moore, Cured by the Wonderful Dr. Greene's Nervura. Was President Johnson's Private Secretary, and Formerly Secretary to E. M. Stanton, President Lincoln's Secretary of War.

MAJOR W. G. MOORE, SUPERINTENDENT OF POLICE OF WASHINGTON, D. C.

Dr. Greene's Nervura Blood and nerve remedy keeps right on curing the most noted and famous among our people as well as those in the ordinary walks of life.

We read continually about the cures of well-known prominent people by this wonderful health-giver, Dr. Greene's Nervura; but where our such eminent clergyman, statesman or public official is cured, there are thousands upon thousands of cures constantly being effected among the common people everywhere. The common people make up the great mass of our citizens, and it is they, the business man, clerk, salesman, mechanic, laborer, and the women of our land, the toiling housewife, saleswoman, shop and factory girl, who receive the most cures and best know and appreciate the great blessing of health and strength which Dr. Greene's Nervura always brings to the weak, nervous, run-down, sick and debilitated.

The recent cure by Dr. Greene's Nervura blood and nerve remedy of Major W. G. Moore, Superintendent of Police of Washington and District of Columbia, is of the utmost importance inasmuch as Maj. Moore, is one of the best known men in this country, he having been confidential secretary to a President of the United States—President Johnson, and also secretary to E. M. Stanton, President Lincoln's Secretary of War. The cure of so well-known and famous a man is a guarantee to the people that Dr. Greene's Nervura cures,

and his written recommendation to the people who are sick, suffering or out of health in any way to use Dr. Greene's Nervura if they wish to be sure of a cure, will cause everyone who reads his words to immediately try this grandest of remedies.

Headquarters of the Metropolitan Police, Washington, District of Columbia.

"I beg to say that I have found comfort and relief in the use of Dr. Greene's Nervura blood and nerve remedy, and recommend it as good for the circulation and digestion."

Major W. G. MOORE, Superintendent Met. Police, D. C.

If you are sick, suffering, out of order, run-down or do not feel just right, get Dr. Greene's Nervura blood and nerve remedy immediately. It will give you new, strong, vigorous nerves, pure blood and sound and perfect health. It will make you look and feel ten years younger, and give you a youthful zest and enjoyment of life. Don't wait—take it now and get well.

Dr. Greene's Nervura has more recommendations and medical authority behind it than any other medicine in the world. Physicians endorse and prescribe it; hospitals and dispensaries use it, and it is the prescription and discovery of the well-known Dr. Greene of 55 West 11th St., New York City, who is the most successful physician in curing disease. Dr. Greene can be consulted free by all—there being no charge for consultation, examination or advice either personally or by letter.

CAUTION TO PROPERTY OWNERS.

To The Times: There has been filed in the clerk's office of this city by one G. H. Kendrick, and by other persons as well, a large number of applications for the purchase of real estate sold for delinquent taxes. These people are proceeding under an act passed by the legislature of 1895-6, page 219, amending and re-enacting section 666 of the Code of Virginia. Under this act it is not necessary to notify any one except the person in whose name said real estate stood at the date of the sale of it to the commonwealth. Until very recently tax titles have not been considered of any value in this State, as the courts have not favored them, but it seems that the supreme court of appeals, in a case known as Thomas vs. Jones, decided on the 15th of July, 1897, that a tax title acquired under the proceedings provided for in the act above mentioned was good, and is subject to be defeated only by proof that said taxes were not properly chargeable on such realty, or that they have been paid. It behooves every real estate owner of this city therefore to look into the matter to see if the land he owns, or any of it, has been sold for delinquent taxes, and not only to the owners of real estate, but people who have money secured upon real estate by deeds of trust, mortgages, etc.; otherwise they may wake up some morning to find that the property they supposed they owned has been acquired by another in a very simple and effectual manner. This is no joke, but really a very serious affair, and we trust that this article may be the cause of saving a great number of people their property.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of influenza and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To put it was satisfactory in its results. It is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent cough remedy to anyone afflicted with a cough or a cold in any form.—The Banner of Liberty, Libertytown, Maryland. Heart Disease Cured.

WHEN a well known minister after suffering for years with heart disease, is cured, it is not surprising that he should publish the fact for the benefit of others. Rev. J. P. Smith, 1045 Fulton St., Baltimore, Md., writes: "For years I suffered from a severe form of heart disease. I used Dr. Miles' New Heart Cure, and my heart is now in good condition. Recently, other afflictions came upon me. There was humming, painful sensations on top and back of my head. Fifteen minutes reading would make me almost wild; there were pulling and drawing sensations in my legs all the time, so that I could not sit still. In this condition I began taking Dr. Miles' Restorative Nerve and its effect was simply wonderful. I heartily commend your remedies."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

THE LATEST SENSATION.

Some Points About the Chainless Wheel Now on the Market.

The chainless wheel of which the cyclists have heard so much has made its appearance, and to-day all Roanoke cyclists are talking about it. The new wheel—the wheel of 1898—is called the "Columbia Chainless," and the catalogues showing the cuts or mechanism of this wheel are being distributed at the jewelry store of E. S. Green, the local agent of the Pope Manufacturing Company who has already begun to take orders for the long-heralded bicycle with bevel gearing.

The new wheel is a beautiful bit of mechanism and is so simple in construction that a child may take it apart and reassemble it. It weighs less than twenty-four pounds, is more perfectly balanced than the chain wheels, and will run longer with a single turn of the cranks than the easiest running wheel now in use. The new chainless wheel is very trim looking. There is a wheel with gear on the inner edge, driven by the pedals, to which it is attached in the same manner as in the old high safety. The teeth of the wheel fit into gear on end of the rod, which with its covering is similar to the lower braces of the frame of an ordinary chain wheel. The rod, which is of steel, and every part of the wheel where there is likely to be friction run on ball bearings. At the other end of the rod another gear fits into gear on the rear axle.

The revolution of the pedals turns the big wheel of the gear and that turns the rod which runs to the rear wheel, the axle of which it turns.

An easily adjusted casing of nickled tubing holds the parts in place. The driving mechanism is such that each set of gears has fixed bearings independent of the side shaft and maintain a fixed operative relation, irrespective of any misalignment of the side shaft, and thereby the difficulties experienced in the former geared bicycles are obviated. The invention provides in connection with the gears adjacent to the pedal shaft a flexible driving rod capable of rotating one set of gears from the other, and adapted to a lateral and longitudinal movement. Each set of gearing has a normally fixed but relatively adjustable bearing.

The "Columbia Chainless" will sell for \$125. Some of the points of superiority which the Pope Manufacturing Company claim for their "Columbia Chainless" over a chain-driven are as follows:

It is much easier to keep clean. Every motion is positive—no back lash. It has no links or teeth to "catch things."

It will go faster and further with less effort.

Its driving mechanism is always thoroughly lubricated.

Its motives parts are not affected by the weather—by rain, sleet, mud or dust.

Its bevel gears improve with use while a chain deteriorates from the first.
